The Director,

NASENI Research Commercialization Grants Programme (NRCGP),
National Agency for Science and Engineering Infrastructure (NASENI),
Idu Industrial Layout,
P. M. B. 391,
Garki-Abuja.

Dear Sir/Ma,

LETTER OF ATTESTATION FOR PROF. ABDULGANIYU AYODELE MALIK

I am aware that **Prof. Abdulganiyu Ayodele MALIK** was granted the TETFUND IBRI (Internal Board of Research and Innivation) research grant worth ₦1, 983, 520.00 (TETFUND/FUTMINNA/2024/050). Using selected herbs and spices, he and his research team developed an effective natural growth promoter for broiler chicken. He claimed that when fed to broiler chicks from day-old, the birds attained a minimum weight of 2.5 kg in five weeks!

I know Prof. Malik to be a hardworking, diligent and experienced researcher in the field of Monogastric Nutrition. So, I entertain no fear in recommending him and his team for the NASENI Research Commercialization Grants Programme (NRCGP), so that they can be given the opportunity to mass produce the growth promoter, and make it available for ready use by poultry farmers.

Yours faithfully,

PROF. J. Y. ADAMA
