

The Director-General,
National Agency for Science Engineering Innovation,
FCT-Abuja.
Sir.

Letter of Intent

We intend to commercialize our research product under the trade name Shamacure^R. This is based on outcome of both extensive Laboratory research, clinical trial outcomes (with 16 published articles in both local and international reputable peer reviewed scientific journals), and obtaining of patent certificate, through NOTAP, from the Federal Ministry of Science, Innovation and Technology. The herbal preparation, although meant for treatment of animal diseases, has found tremendous market in both animal and human health needs.

Shamacure^R has the proven potential to cure a lot of skin diseases in both man and animals, and if commercialized, with spontaneously provide an added advantage of value-added chain in the society, and equally boost domestic economy.

Prof. Shamaki Bala Usman.
