Prof. Mohammad Saquib

M.Sc., M.Phil., Ph.D

Dated: 27th August, 2025

To
The Program Coordinator
National Agency for Science and Engineering to Infrastructure

I have known Dr. Ibrahim Yerima since 2015 as both a colleague and as a doctoral candidate under my supervision. Throughout his Ph.D programme and during challenging periods, he consistently demonstrated competence, dedication and the ability to work diligently and independently beyond my direct supervision.

DR. Yerima has proven himself with a strong commitment to advancing sustainable energy solution. His focus on biogas generation and biofuel resource development has made a significant contribution to our department.

I, therefore, wholeheartedly endorse and strongly recommend Dr. Yerima and his team for initiatives related to the sustainable biogas generation and biofuel resource development.

Thank you.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'MS' or similar initials.

Prof. Mohammad Saquib.
