Subject: ENDORSEMENT OF RESEARCH PROJECT
PROPOSAL FOR PEDI BRAKE PAD (NASPAD K25)

I am pleased to write this letter to officially endorse the research proposal titled ***Development and Commercialization of BRAKE PAD (NASPAD K25)*** which was submitted by the Principal Investigator—Dr. Adeyinka Taofeek TAIWO.

2. The proposal is seeking funding to commercialize a digital, high-precision **BRAKE PAD (NASPAD K25)** kit capable of multi-material fabrication, rapid prototyping and SMEs manufacturing. The goal is to create and commercialize a scalable Automobile brake kit capable of producing a fractionable braking system parts suitable for ensuring safe, effective braking to prevent accidents and maintain control in vehicles.

3. Please be assured that the technical knowledge, equipment, personnel and logistics required for the success of the project are available within the Institute (PEDI) and her technical partner collaborators.

4. I confirm that this project is feasible, marketable and profitable and is therefore, recommended to the NASENI Research Commercialization Grant Program for funding.
