NASENI Research Commercialization Grant Program (NRCGP)
National Agency for Science and Engineering Infrastructure

Dear Review Committee,

I am writing to wholeheartedly endorse the grant application submitted by our team at Electronics Development Institute (ELDI) for the commercialization of the NAESNI 5W LED prototype. As the Overseeing Officer of ELDI, I am delighted to support this innovative project.

The NAESNI 5W LED prototype is an energy-efficient lighting solution developed at ELDI. This technology has the potential to significantly reduce energy consumption and provide a reliable lighting solution for homes and businesses.

I hereby endorse this grant application, confirming that ELDI has the necessary infrastructure and expertise to support the commercialization of the NAESNI 5W LED prototype. We are confident that this project will contribute significantly to the growth of our economy and improvement of energy efficiency.

The commercialization of the NAESNI 5W LED prototype will: reduce energy consumption and greenhouse gas emissions, provide a reliable and efficient lighting solutions, create jobs and stimulate economic growth and enhance Nigeria's technological capabilities.

I strongly recommend that NRCGP consider this grant application for funding. We look forward to collaborating with NRCGP to bring this innovative technology to the market.

Sincerely,

Engr. Dr. Ogungbenro, Oluwaseyi A.
Overseeing Officer
