The Chief Executive Officer (CEO),
Sadiq Plastic Recycling Ltd,
No 22 Aleshiloye Market,
Ibadan Cow Market, Aleshiloye,
Ibadan, Oyo State, Nigeria.

Dear Sir,

LETTER OF INTENT TO SUPPLY PROCESSED PLASTIC MATERIALS FROM THE PLASTIC CRUSHER AND RECYCLING PLANT

The Federal Polytechnic, Ilaro, through the Directorate of Research and Development, expresses its intent to partner with your esteemed organization as an off-taker of processed plastic granules produced from our newly developed Plastic Crusher and Recycling Plant.

This collaboration aligns with our commitment to promoting sustainable waste management, encouraging local innovation, and supporting industrial applications of recycled plastics. We anticipate that this partnership will enhance material recovery, reduce environmental pollution, and foster industrial synergy.

We look forward to your positive response and further discussions on modalities for collaboration.

Sincerely,

Dr. S. A. Odunlami
