

MEMO

Date: 27th August, 2025
To: Coordinator, NASENI Research Commercialization Grant Program
Ref.: **PEDI/AD/PP/11/1/6A**
Subject: **ENDORSEMENT OF RESEARCH PROJECT
PROPOSAL FOR A 3D PRINTER**

I am pleased to write this letter to officially endorse the research proposal titled ***Development and Commercialization of a 3D Printer*** which was submitted by the Principal Investigator—Dr. Kunle Joseph AKINLUWADE.

2. The proposal is seeking funding to commercialize a digital, high-precision **3D printer** machine capable of multi-material fabrication, rapid prototyping and SMEs manufacturing. The goal is to create and commercialize a scalable 3D printing machine capable of producing solid (spare) parts suitable for applications in education, healthcare, sports, engineering, and interior decoration.

3. Please be assured that the technical knowledge, equipment, personnel and logistics required for the success of the project are available within the Institute (PEDI) and her technical partner collaborators.

4. I confirm that this project is feasible, marketable and profitable and is therefore, recommended to the NASENI Research Commercialization Grant Program for funding.

Mr. Ahmed Olaoye HAMZAT
Overseeing Officer
PEDI, Ilesa
