**The Executive Vice Chairman/CEO**

National Agency for Science and Engineering Infrastructure (NASENI)  
Idu Industrial Layout  
PMB 391 Garki Abuja.

Dear Sir,

**Subject: Endorsement of Proposal for the NASENI Research Commercialization Grants Programme (NRCGP)**

It is with great pleasure I refer to your letter with reference number **NASEN1/AD/GA/99/S.4/1/20** dated 14<sup>th</sup> August 2025, and confirm that the National Research Institute for Chemical Technology (NARICT) has responded to this call by submitting proposals under different thematic areas.

These projects align directly with NASENI's mandate to support research commercialization and Nigeria's Renewed Hope Agenda. They are projects with potential National impact in various sectors like **renewable energy** through waste-to-fuel technologies, **health and biotechnology** with bio-based innovations, and **construction and safety** with fire retardant materials.

NARICT is committed to providing the enabling environment, infrastructure, and technical expertise required for the success of these projects. Our institute has the capacity, skilled personnel and track records in technology development and commercialization to ensure delivery of impactful results.

Consequently, I endorse all submissions from NARICT in response to the NASENI'S call for the Research Commercialization Grants Programme (NRCGP).

Accept the assurances of my esteemed regards.

**Engr. Dr. Kabiru Muazu**  
*Director – General/Chief Executive Officer*
