ORGANIZATION CHART

This document outlines the organizational structure of the company, detailing the key roles and reporting lines.

The Leadership Structure

The organization is led by the Chief Executive Officer (CEO), who sets the strategic direction and oversees all operations.

CEO

Chief Executive Officer

The Chief Technology Officer (CTO)

Reporting directly to the CEO is the Chief Technology Officer (CTO), who is responsible for the technological strategy and development within the company.

CEO : Qareebullah Shuaib

CTO : Oluwatimileyin Oyede

Key Technical Roles

The CTO oversees specialized technical roles crucial for product development and innovation.

CTO	Technical Team

Mechanical Design Function

One of the core technical roles reporting to the CTO is the Mechanical Designer, focusing on the physical aspects and engineering of the products.

MECHANICAL DESIGNER

Responsible for the design and development of mechanical components.

Electronics Design Function

The other key technical role is the Electronics Designer, who handles the electrical systems and circuitry necessary for the products.

ELECTRONICS DESIGNER

Responsible for the design and implementation of electronic systems.

Reporting Structure: CTO's Direct Reports

Both the Mechanical Designer and the Electronics Designer report directly to the CTO, ensuring alignment between physical and electronic design.
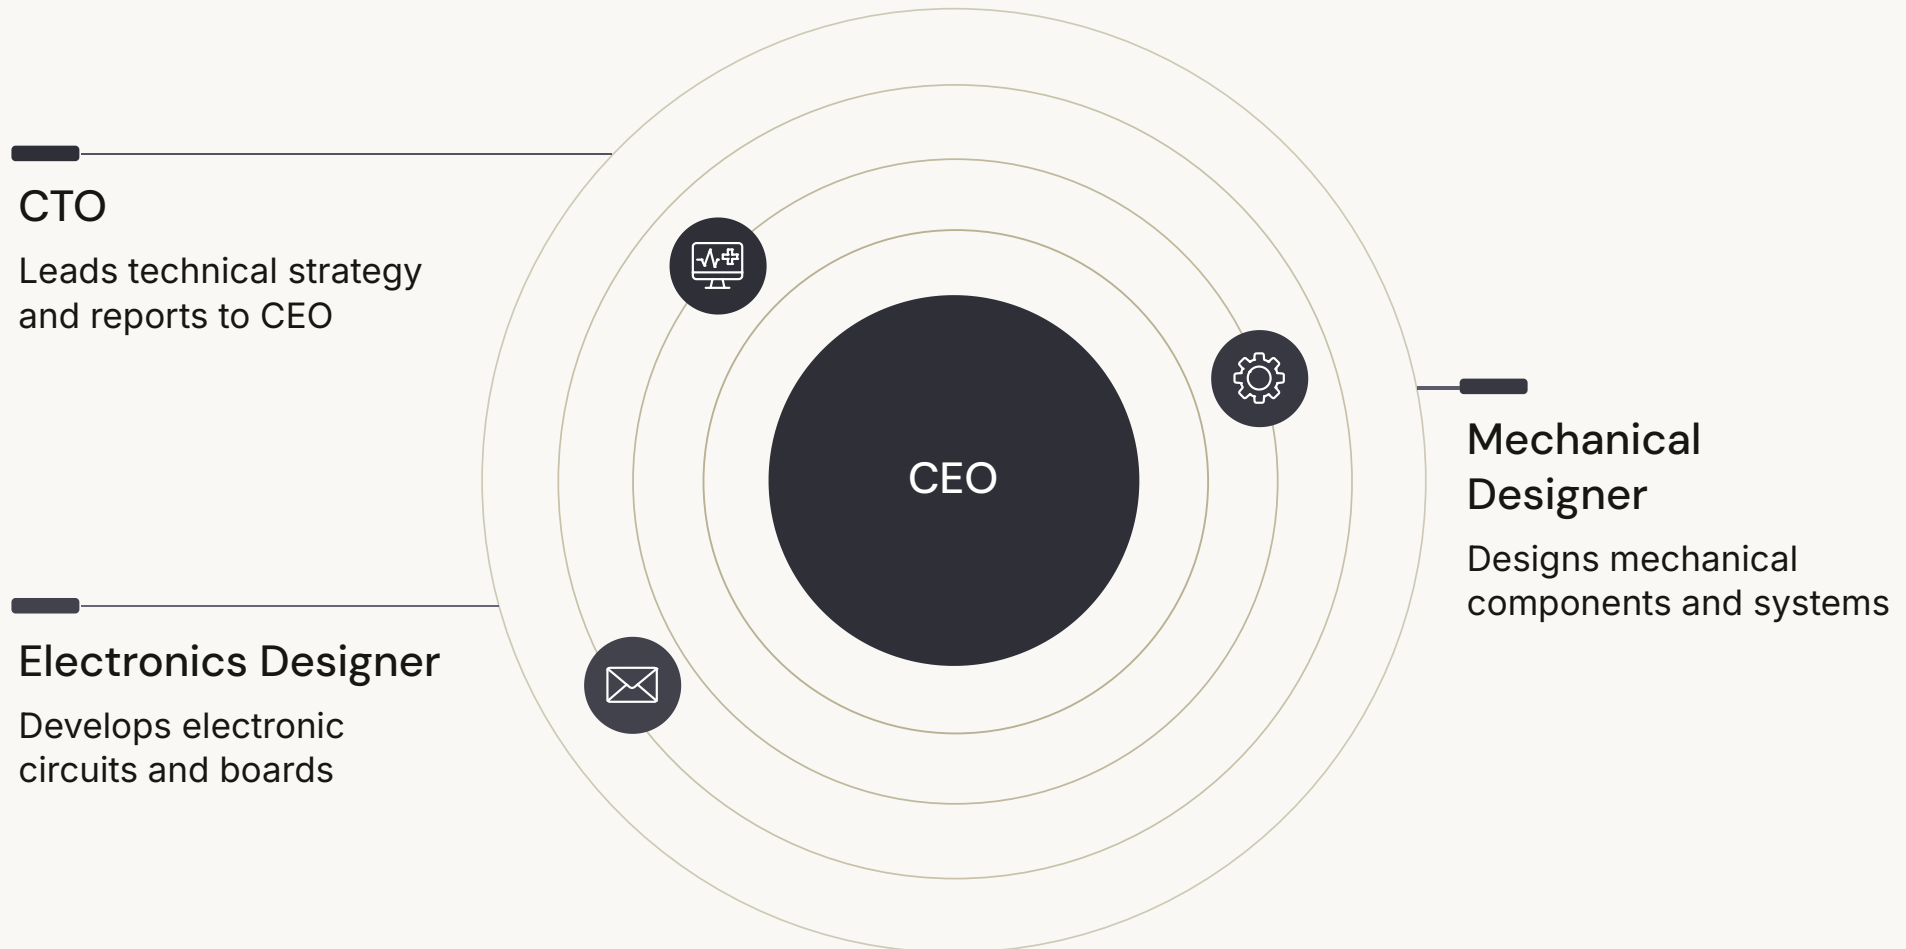

MECHANICAL DESIGNER

Reports to CTO

ELECTRONICS DESIGNER

Reports to CTO

Visualizing the Hierarchy

The following diagram illustrates the clear chain of command from the CEO down to the specialized design roles.

CTO

Leads technical strategy and reports to CEO

Mechanical Designer

Designs mechanical components and systems

Electronics Designer

Develops electronic circuits and boards

CEO

Summary of Key Roles

A quick overview of the defined positions in the organization chart.

CEO	Top executive, strategic oversight.
CTO	Leads technology and product development.
MECHANICAL DESIGNER	Focuses on physical product engineering.
ELECTRONICS DESIGNER	Focuses on electrical and circuit design.

Complete Organization Chart

The full structure is as follows:

- CEO
- CTO
  - MECHANICAL DESIGNER
  - ELECTRONICS DESIGNER
